

## Remedy Prescribed by Many Doctors

Compound of Simple Laxative  
Herbs Proves Most  
Efficient.

Dr. W. A. Evans, writing for the Chicago Tribune, makes the assertion that practically everyone, at some time or other, suffers from constipation. This applies regardless of age or condition in life.

The congestion of stomach waste in the bowels is evidenced in various ways; bloating, eructation of foul stomach gases, sick headache, languor, all indicate constipation, and call for prompt attention, not only to relieve the present discomfort but also to avoid possible disease that follows neglect of this important function.

Harsh cathartics and violent purgatives should not be employed, as these afford only temporary relief, while they serve to shock the entire system. A mild laxative such as Dr. Caldwell's Syrup Pepsin is far preferable and is now the remedy generally used and prescribed by many doctors. It is free from opiate or narcotic drugs, acts easily and pleasantly, without griping or other pain and is a safe, effective family remedy.

Mr. Chas. Schell, 132 Church St.,

MR. CHAS. SCHELL

Grenada, Miss., writes that he found relief himself by using Dr. Caldwell's Syrup Pepsin and now keeps it on hand for family use. A bottle of Dr. Caldwell's Syrup Pepsin should have a place in every family medicine chest. A trial bottle can be obtained, free of charge by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Illinois.

## PARIS DRESSMAKERS BOYCOTT GERMANS

Mrs. Norman Galt's Gowns Are  
About to Cause Diplomatic  
Row.

Paris, Nov. 19.—The Paris dressmakers' syndicate has blacklisted two American customers of German origin, one named Kurzman, reputed to be commissioned to buy gowns for Mrs. Norman Galt, according to Gustave Terry's newspaper, the Louvre.  
The newspaper avers that Kurzman threatened to raise a diplomatic question because of the modiste's refusal to accept orders from him.  
The Louvre declares, however, that each house has offered to supply gowns to Mrs. Galt with its compliments without having them pass through hands of an intermediary.  
Paul Pierot, the president of the dressmakers' syndicate, is absent from Paris. His confidential secretary, however, confirmed the statement that Kurzman threatened to raise diplomatic questions over the matter.  
"You may declare that no member of our syndicate will deliver gowns to Kurzman or through Kurzman or any other German house," said the secretary.  
"At the same time each or every member of the syndicate would be proud to be honored with a commission to make gowns for President Wilson's daughter and would be most happy, if permitted, to present it with our compliments."  
Other leading houses refuse to state whether or not they have had orders for gowns.

Cast-Iron Shears break easily. Soft steel shears soon become dull and refuse to cut. All poor shears work loose. Then you have to press and grind the blades together every time you try to cut. This means an aching wrist, cramped fingers and perhaps loss of temper.

WISS SHEARS do not work loose but cut clean and smooth any material, no matter how heavy or light, with ease and certainty.

Call and see the many different styles of WISS SHEARS and SCISSORS we have for every conceivable use.

## A WONDERFUL OPPORTUNITY

The C. S. Sullivan Estate owns a farm of 700 acres seventy miles West of Augusta, Ga., which they have put in our hands for sale. Mrs. Sullivan cannot handle the property. She would take Anderson County property in part payment.

It lies within, say, two miles of a nice town in which there is a bank, a large cotton warehouse, quite a number of prosperous stores, a large flourishing school with several teachers.

A splendid public road made of sand and clay runs through the property. The roads are all graded and are much better than in this county. The Augusta Southern Railway runs through the property and has a side track on this land. There is almost 500 acres cleared. There is probably 300 acres in one 4000 level.

The tenant houses are better than anything in this county that I have seen. There are six houses. Four of them are six rooms, two four rooms. The land is sandy, with a good clay sub-soil within six inches of the top.

This place was sold by the present owners for \$15,000.00. The purchasers who were speculators went broke owing about \$12,000.00 on it and you can buy it for that sum. Now there are lots of men in this county with one or two hundred acres of land that will bring enough to pay for this place.

You can give your children a farm, a place and still have enough for yourself. It is in a splendid white section, good water, absolutely healthy, and all right in every particular.

On the farm adjoining this, there is the finest dairy I ever saw. They were milking exactly 100 Jerseys at the time I was there. Land is selling all around this at \$20.00 to \$30.00 an acre. This farm has been rented out for several years, but it is so level that they could not wear it out. I have just made a trip down there to look over the place and I think it is a great bargain.

There is a small room for 10 rooms on the place. Fine road to Augusta. People running down there in automobiles almost every day. They make the round trip in but 5 hours. Now if you have any property in Anderson County that you would like to get rid of, see me at once and let me see if I can make a trade for you. We will give you good terms on the balance.

This place is about 15 miles from Spawville, and 5 or 10 miles from Spawville. The land looks like the land down on the road from Spawville to Spawville or Williamston. The place is a great bargain because it was in litigation. I met a man who owned a two horse farm on the place last year and he told me he made 24 hales of cotton with very little grain.

You can take it from me that this country is all right and a good place to live. See me.
